

# Romania - Snow white ...

*Job 37:6 For HE saith to the snow, Be thou on the earth*

Dear fellow-labourers in Romania, The Good Lord decided that this year our country receive a very thick white coat of snow. People are desperate, they can't get out of houses, can't find their cars, the stores are empty, no where to buy food because of the closed down roads, and more then 60 people actually died from snow damages.

**As this happens** and could seem as a nightmare, we are praying that the Romanians will open up more their hearts to the Gospel, seeing their need of Christ. In our city we were blessed to not have as much snow, but right now as we're writing it is snowing hard and we are praying that it will not be as bad here by the grace of God.

I just want to encourage you brethren: Be thankful if God let you live in normal conditions, many people don't ...

**In our church** many people suffer the crysis effects barely making a living. They are still giving to the Lord and we know Jesus will bless them for that. Keep up the good work!

**Our prison ministry** started back with just one soul (name:MIHALI) that wanted to hear the Gospel and we gave it to him. He still wants us to come, and we hope he made the salvation decision as we encouraged him on our last visit.

**The kids at the orphanage** are learning a lot of the Bible, learn songs together with us, there is an old piano there that I usually play, and we have hopes that their lives will be much influenced by the Lord through us. We get our little girls there sometimes so that they will appreciate their parents more then they do now. Parent love is hard to replace though ...

**College students** are the most effective people to get the Gospel to. I met more people interested in the Gospel now than before. I will have to go back to some of them to talk to them more from the Scripture. Some John and Romans I gave out to them and expect they will read. Pray they will! This is the only way they could Believe: Hearing the Gospel and Reading it!

**A great book**, written by pastor missionary Brent Logan, that deals with all the Salvation 7 folds words, is soon to be printed. Amazingly explains everything about God's salvation. It was my privilege to translate it and edit it so we will have it in Romanian also(red cover bellow). Can't wait to give it out to so many souls that are in need of eternal life.

*Finally, my brethren, be strong in the Lord, and in the power of his might. - Efes 6:10*
