

BANK ROBBERS...

2Co 4:4 In whom the god of this world hath blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them.

As James hold my “9-11” banner in the busiest area in Iligan notice the “bank robbers” coming across the street. At least they look like bank robbers... well, they are just another false religion... we have lots of that down here. Generally, they will have absolutely nothing to do with you but if they don't know what it is... they will take a tract or John/Romans... notice photos of Muslim lady reading a MacArthur tract and also a John/Romans. I can't help but wonder about all beliefs... “If you believe your way is superior or the right way or the only way then why aren't you trying your best to convert me?” This goes for the Bible Believers as well... or are you **just another religion**. I am on the streets and very public because I believe my God is the best God of all and if you worship another god you are going to hell whether you believe that or not and I believe all of my fellow human beings deserve to be warned about this. But then, how do you feel about this subject?

The next two photos show where we are preaching and then, from our angle who are we preaching to. I have noticed that even if there are 100 people within the sound of your voice you can only seem to capture about 15-20 with the camera. There were plenty to preach to yesterday and we did.

I have never felt myself to be a keeper of the book of life so you don't hear me mentioning numbers of souls saved but this photo shows James with two men who came to church after we preached in their tent city and James very carefully dealt with them and lead them to the Lord. We had five policemen bow their heads in their service last Monday and voluntarily pray the sinner's prayer. Many prisoners did the same as James preached to them last Monday. I am so used to plowing I forgot how to count the fruit baskets.

Imagine the conversation along with this next photo... “OK Mrs. Rubya you live down this street to the right and you don't have electricity... well Joe, I think it is this wire what do you think.” No OSHA over here... is that good or bad I don't know and I don't care but they sure are open to the gospel.

This last photo might be called “Roasted pig delivered to your door”... common sight here but you might live to be 100 in other parts of the world and never see this... that's why you subscribe to these reports.....right?

Pray for Mary who is now a BBTI grad and is celebrating on a missions trip to the Amazon. She will be home in PI with Mom and Dad on June 23... Hallelujah... We are all very joyfully serving our Lord and Saviour Jesus Christ and looking for that Blessed Hope.

Serving with you but in a different foxhole
