

# Ministering:

**Well, just another street meeting...just one of thousands...NO...NO...NO!!!**

If you add up all the tracts distributed by about 20 people in an hour...plus, public preaching by seven men for most of that hour...plus, the joyful spirit of nearly 20 saints singing songs about "Victory in Jesus"... "Nothing but the blood" and "Praise Him Praise Him"...plus, several saved in effective one on one witnessing...plus, all the eyes that read the banner...Heaven will have to calculate all that "it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it". Yes Sir, I believe that. We are trying our best to make the most of the fabulous open doors that the good Lord has put before us in the ministry here in PI. Enjoy viewing our street meeting with most of the crew and the banner in front; by the way, notice the close-up of the same banner. This is a smaller version of the new banner we have displayed from the fourth floor of our church and institute: the bigger banner is about 13' X 11' and is clearly seen by hundreds of folk daily.

Then, notice Josh in the red shirt. He has about 10 high school students captured on their lunch break. Several made professions of faith this day.

Some of you kind folk have given us Betty Luken flannel graph sets. Well, they were not given in vain...all the students are instructed and encouraged to use them both in SS and children's church, and here in this photo Jessa is giving a flannel graph lesson in a public school classroom to about 30 kids.

A young man, James, age 11 got saved recently and we all rejoiced when he requested baptism (Acts. 8:36,37) which gives all of us a recreation day at the Christian beach resort for the baptism.

While driving we are coming up on an impossibly overloaded pick-up truck...right? Well, guess again...as we passed it turned out to be just another slightly overloaded motorcycle. Just another day driving in the Philippines...

**Please pray...**

We have an opportunity to permanently paint the entire side of the four story building that houses our church and institute. This constitutes an enormous permanent billboard for our Lord. This is located on a major thoroughfare and will be viewed by thousands daily. We have a design and scripture ...just pray we can find a painter who can display this correctly and pray we can afford him. More on this coming soon.
