

BACK IN THE NURSING HOME...YEAH

1Th 5:14 Now we exhort you, brethren, warn them that are unruly, **comfort the feebleminded**, support the weak, be patient toward all men.

This is St. Joseph's home for the elderly, the only nursing home in town, and it is Catholic. We would always tiptoe through the Catholic tulips in order to keep coming the following week, but about a year ago a fanatical nun who was put in charge got her habit wrinkled for whatever reason and terminated us. Catholics are good at terminating things. So we were out of this ministry until about a month ago when a new nun arrived and let us back in, PRAISE THE GOOD LORD. This is a great ministry and helps to balance our experience with training our students. We grow our ministers rough and tough, but throw in a little tender compassion and comfort of the feebleminded just for good measure.

NEW POLICE RECRUITS

Every city needs new police recruits and every ministry needs to minister to them. We minister to the police every Friday and this week Bro. Greg Stedman and his team of students got a good opportunity to minister to these brand new "peace" officers. We told them how to have peace in their own hearts.

TELL ME THAT IS NOT A LOVELY SCENE

We do have some talent in our ministry. Several of the students and grads make it their responsibility to renew the scene inside the church according to current events. This being summer and school being out till June, they made a very lovely garden scene out of paper and styrofoam. I went close to look and started to sit on one of the chairs and a sign said, "Thou shalt not sit". It was styrofoam. I believe in obeying the commandments.

TWO OPENINGS JUST CAME AVAILABLE

Our scholarship program for needy Christian school students is an amazing success now for the second year. We thank all who became involved and we will be keeping you closely informed about your sponsored scholar. **Just today there came an opportunity where the father of two good students lost his job abroad and will have to put his two children in public school (yuck) unless we can find sponsorship for them. For just \$500 per year you can keep a kid out of public (non-school). Please let us know ASAP. It might be an individual...a missionary or a SS class would want to take this on.**

Doing what we can while we can
Gerald Sutek Col. 4:17
