

"almost ALL MEN'S CHOIR"

Yes, I love the ministry...why would anyone ever quit? One of the real joys is to train men and women in ministry and see them get infected with this healthy virus.

Notice the photo of the "almost ALL MEN'S CHOIR". The short one is my partner James son of 5 years. No one prodded him to do this, but Beniah James was on a street meeting with all the street preachers and asked his Mama if he could preach. She agreed and Ben took the mike and entered into the public ministry. So, although the photo shows almost ALL MEN'S... they ARE all street preachers...Praise the good Lord!!!!

Local Govt. assembly

PREACHING TO LOCAL GOVERNMENT

Once a month we get the privilege to preach at the Barangay assembly. This is when the Barangay captain (village mayor) brings all workers together for flag raising and instructions. What a great opportunity. This past month James was scheduled to preach when a man jumped in ahead of him. He grabbed the mic and began preaching Catholic garbage about Catholics being the only "TRUE" church, Matt. 16:18 and so on. He preached for about 8 minutes. It was so sudden James just let it go and preached his own message. James will be ready for him if he makes another show next month. Pray for this. We are not here to make more enemies but we are here to preach and teach "Sound Doctrine"...and we will.

FREE AT LAST

We enjoyed some fruit from our prison ministry this past Sunday. Robert Go, who has been faithful in our prison ministry and bears a remarkably good spirit now for the past 3 years, brought his entire 6 member family to church. He promised to do this when he got out...but they all say that. He showed me papers of total exoneration...he did nothing wrong...but was deprived of freedom and family for 3 years until the court agreed, yet he is not bitter.

GO DIRECTLY TO JAIL AND COLLECT ARABIC

Where we preach to our men in the jail it is just a few yards from where the Muslims preach and pray their lies. Notice in the photo a large banner advertising Arabic lessons. I have not taken any.....YET.

MOVING MOUNTAINS

Well, we have some bad news and good news. The bad is that we are losing our private jungle which has been enjoyable for the years we have lived on this property. The good news is the Lord and the developer are moving mountains in order to bring new folk to our ministry. On three sides the jungle is fast fleeing and soon the new homes and families will be arriving close to our ministry.

MOVING MOUNTAINS

ALL IS WELL

Our health is great...our ministry is great...our abundant life is great and prayerfully our supporters in both prayer and finance are great. Thanks.
