

URGENT...URGENT...URGENT

PRAY AND HELP

Some of you may have read this morning the second most important article on international news (after the current politics) the flash floods in the Philippines. These floods took place in the exact spot where we will fly into in two weeks. In fact, the very church where we will be working is...

TOTALLY GONE...WIPED OUT!!!

Three children that were living in the church are missing and the wife of one of the printers has been killed. A 40' container where they stored 59,000 lbs of King James/Cebuano Bibles has been carried out to sea. Some of these Bibles had already been distributed but many were lost.

Pastor Ruben Sulapas and family are safe but must begin anew with property for the church. **THIS DIRECTLY AFFECTS OUR MINISTRY** since we will be working in and through this church and were hoping to use some of it's facilities in our institute at least for a time.

Pastor Mike Veach, and his church First Bible Church of Staten Is. NY have been deeply involved in this ministry for many years and they are asking, as we are, for much fervent prayer concerning this disaster. If the Lord moves on anyone's heart to help in ways besides prayer they can send help to either...

First Bible Church

6200 Amboy Rd.

Staten Is. NY 10309-3117

And designate for flood aid in Philippines

This will go to rebuild the church and ministry there in Iligan City and to help the brethren in that ministry.

You may also give through our ministry if you desire.

Make check to WFTW Baptist missions...designated to IBMP (Flood disaster aid)

Or ministry of Gerald Sutek

PO Box 849

Rossville, GA. 30741

If you need more info you may call me 512-660-2320

or Bro. Veach 718-614-1096

PS...We cannot use the container that we own to ship our things. We are renting a container and transferring our worldly goods...but this should be finished and on the way to PI by middle of next week...thanks for your prayers for all of this...the house that we rented in Iligan City is high and dry but much of the entire city has been wiped away.

Thanks for your attention on this matter.
